EDUCATION VISITS

VISITING THE SHOWROOM CINEMA

We welcome all educational institutes to visit the Showroom.

- Learn about the creative companies housed in the Workstation.
- Find out how the cinema runs as a business.
- Why we are an educational charity, and what we bring to South Yorkshire.
- Background to independent films, and why we pride ourselves in showcasing the latest releases from around the world.
- Special educational events and screenings focused on particular areas of film criticism.

SCREENINGS

We can screen just about any film you like. This is always dependent on clearing rights, but the average cost is £150+vat for a private screening in the morning.

You can choose a screen of your choice depending on your group size:

CINEMA 1 - SEATS 80
CINEMA 2 - SEATS 105
CINEMA 3 - SEATS 180
CINEMA 4 - SEATS 280

After the screening we can provide some space for a class, Showroom 5 can seat up to 65 theatre style, and you can use our PC projector and screen for a presentation.

We can accommodate screenings in the evenings, but the price is considerably higher, you can contact me for more information on this.

We even do special group rates for visits of 10+ to one of our regular screenings. You can bring a group along to any of our scheduled screenings, just make sure you book ahead to avoid disappointment, pre 5pm, the price is £3 per person.

We can work alongside your curriculum to offer talks and screenings that enhance your subjects. Below are some suggestions of what we can offer:

UNDERSTANDING FILM LANGUAGE

This session looks into film techniques used to tell stories, and how they are applied in all aspects of media.

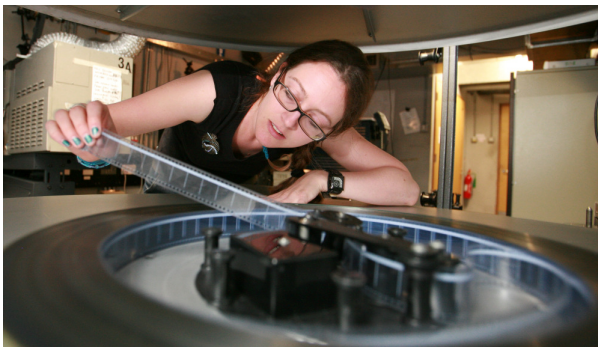

With the use of short films, we will look at a number of techniques used to convey the story characters and emotions.

This session can then be followed by a feature film screening with an introduction that highlights particular points to consider.

As an alternative the group will separate to develop a short film idea, with particular attention to how they will convey particular plot points with film techniques.

SHOWROOM TOUR

We will take you round the largest independent cinema outside of London, we will walk round the Workstation, where many of Sheffield's digital companies are housed, and finally the projection room where we witness the magic happen!

[The projection tour is limited to 10 at one time, and can take up to 15min]

READING SUBTITLES

Using a short foreign language film, or a film clip, the group will watch the film with and without subtitles. This will firstly help the group understand the story from visuals, sound, acting and editing point of view. Once they are comfortable with that they will be encouraged to read the subtitles for a rounded film experience.

The aim of this session can either be for the group to better understand a particular foreign language; get to grips with reading whilst following a story; or just to better understand film language.

SHOWROOM TALKS

Any of the following subjects can be included in a visit to the Showroom Cinema:

- The History of the Showroom and what makes us special.
- How the Showroom Workstation and Café work as a business.
- How the films industry works and the journey a film takes from an idea to the cinema.

Additional subjects can be covered that fit into the industry, and how we play a role in the wider context. We are happy to discuss any requirements you may have.
